**Subject:** Withdrawal Petition update

Ann – I mentioned to Rebecca yesterday that we would not need to visit PCA offices in September to continue our file review. Over the next couple of months we will be reviewing the information collected and provided by your staff. I explained that it is likely we will send a request for information, possibly in October, for any items that may appear to be missing or to clarify our understanding. This is simply a step to assure that we have all the information on these sites as we begin drafting the report.

Rebecca also let me know we could expect the AG statements very soon.

I also let Rebecca know that in a routine update call the petitioner requested additional documents from EPA. These include the comments we made recently on the Silver Bay permit and my April 7, 2015 e-mail to you concerning the polymet NPDES requirements, and the draft SRF report (I failed to mention the SRF report to Rebecca). We will be releasing those documents.

Let us know if you would like to have a call so we can update you on the petition review status. Give me a call if you have any questions.
